Our school offers.....a warm, nurturing environment
designed especially for preschoolers!

We strive to nurture the whole child!

At school, we.....

PLAY with a purpose!

Because we play.....we learn, we create, we make friends, we
learn about letters, numbers, seasons, we use our manners, we
share, we talk, we sing, we read, we cooperate, we respect each
other, we use our words, we apologize, we learn about feelings, we
investigate our world.....

PLAY is the work of a child!

We offer a complete preschool experience with guided curriculum designed to meet the academic and social/emotional growth of the young child. It is our goal to prepare young children with all the skills they will need as they grow in a loving, fun, safe atmosphere. At school, children learn and play, day by day as they are equipped with the social, emotional, and academic skills needed to be successful in school. Southminster is proud to have a staff that genuinely cares for each child and works individually and in groups to guide your child through the early childhood years. Teachers are current in First Aid /CPR, have been background checked, have degrees/experience in education. Our school is open to all religious traditions and no religious traditions. All services and events are open to our families regardless of their background.
